Lightweight Folding Tools

Klenk's extruded aluminum folding tools are strong yet lightweight -- less than half the weight of steel!

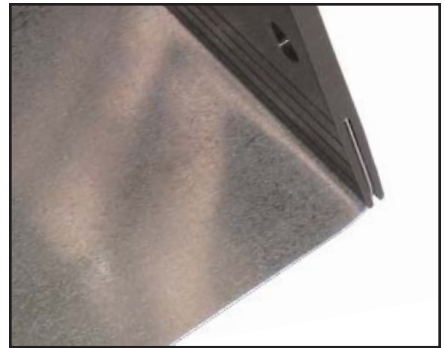

- Made of extruded aluminum, our folding tools are less than half the weight of similar steel tools.
- One-piece aluminum tool has no spotwelds to break loose.
- Ergonomic shape and finger ridges allow better grip for easier folding.
- Sight holes allow proper depth alignment.
- Folds 3/8" and 1" depths.
- Folding tools are available in 12", 18", and 24" lengths.

Klenk's folding tool -- one easy motion for 3/8" and 1" folds.

Raised finger ridges allow for better grip and leverage.
