

**RECHARGEABLE**

# 15 LED WORK LIGHT + 3 LED FLASHLIGHT

**WITH  
MAGNET!** 

- **15 LEDs on main body** -- Mount with magnet or retractable hook to use as a stationary, hands-free work light.
- **3 LEDs in front** -- Use as powerful hand held flashlight.
- **AC and DC Adapters** have built-in protection from overcharging.

Mount Klenk's Work Light to a metal surface -- 15 super bright LEDs make this a perfect hands-free work lamp!

Front (top) view of Work Light features 3 super bright LEDs!

Klenk's Work Light is an ergonomic flashlight -- 3 super bright LEDs!

- **Magnet on back** allows mounting on metal surface for use as stationary work lamp.
- **Retractable hook** allows work light to hang-mount for use as stationary work lamp.

Handy retractable hook allows Work Light to hang if no metal surface available.

Work Light shown actual size (7-3/4" long).  
Battery: 3.7V Lithium battery, 1000mA; Adapter Input: AC 100V/240V; Output: DC 12V 300mA.
